前瞻性陈述

This Presentation (together with any supplements and any other information that may be furnished to prospective investors by **Global Cannabis Applications Corp**. (**"Global Cannabis"** or **"Global Cannabis Applications"**) contains "forward-looking statements" or "forward-looking information" within the meaning of applicable securities laws (collectively "Forward-looking Information").

Forward-looking Information is generally identifiably the use of the words:

"believes", "may", "plans", "will", "can" "anticipates", "intends", "budgets", "could", "estimates", "expects", "forecasts", "projects"
and similar expressions, and the negatives of such expressions.

Forward-looking Information in this Presentation includes, but is not limited to, statements concerning economic trends, the size of the market, the timing and scope of Global Cannabis Applications capital expenditures, the anticipated use of proceeds, financial forecasts, and the proposed ownership allocation.

Global Cannabis Applications has based this Forward-looking Information on factors and assumptions about future events and financial trends that it believe may affect its financial condition, results of operations, business strategy and financial needs, including the ability of Global Cannabis Applications to generate cash flow from operations and obtain necessary financing on acceptable terms, general economic, financial market, regulatory and political conditions in which Global Cannabis Applications operates, consumer interest in Global Cannabis Applications products, competitions, anticipated costs, government regulation of Global Cannabis Applications activities and products and in areas of taxation and environmental protection, the timely receipt of any required regulatory approvals, and Global Cannabis Applications ability to obtain qualified staff, equipment and services in a timely and cost efficient manner.

While Global Cannabis Applications considers these assumptions to be reasonable, these assumptions are inherently subject to significant uncertainties and contingencies. Additionally, there are known and unknown risk factors which could cause Global Cannabis Applications actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information contained herein. Known risk factors include, among others, regulatory risks, the lack of a public market for the securities of Global Cannabis Applications, the limited operating history and financial track record of Global Cannabis Applications and the uncertainty as to revenues, reliance on key personnel, product liability, unfavorable publicity, management of growth and the difficulty in forecasting. Additionally, letter of intent for acquisitions that Global Cannabis has entered into may not be consummated or consummated on the terms disclosed by Global Cannabis. In the event that the letters of intent are not completed, or definitive agreements are not entered into Global Cannabis may not achieve the results that it is forecasting or the operating results that management believes are attainable in the event that the letters of intent are consummated.

挑战：缺乏数据的净后果

世界上最大的大麻公司之一，在声称其分析证书（四氢大麻酚/大麻二酚测试结果）与其TWD标签不一致之后，正在接受调查。Pure Sunfarms公司的投诉指出，“Canopy公司采用的是一种静态的标签方法”。

GCAC的Efixii是为了确保从种植者到消费者的正确数据报告而开发的。
